

## Information for International Speakers

### Electrical connection:

The electrical power rating in India is 230V 50 Hz. The international speakers are requested to carry suitable travel plug adapters for their electrical devices.

A typical 3 pin plug and socket

Three pin plugs/sockets are the common electrical outlets in India. Universal sockets are also available for purchase in *Gurunath Departmental Store, IIT Madras* (near to *Taramani Guesthouse*).

### Weather:

The most comfortable season in Chennai is during the months of December and January. We expect an average temperature of 24°C during this time.
